

Lift & Tilt system | heavy duty

We've carefully designed this system with the unique needs of wheelchair users in mind. With its ability to lift up to 260kg and tilt at angles up to 50°, it provides a safe and comfortable experience for individuals with mobility challenges. At REAC, we understand that every individual's needs are different. That's why we offer the option to customize our Lift and Tilt system to match the specific requirements.

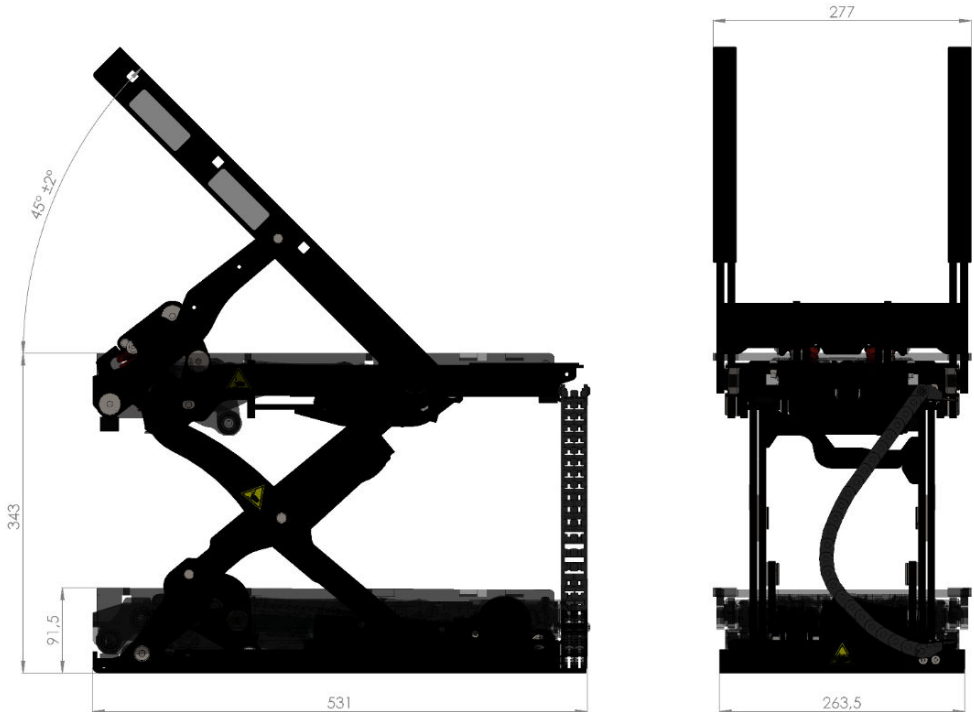

Features Heavy duty

Load capacity	260kg
Min install height	89,5mm
Lifting height	254mm
Max tilting angle	50°
Weight	30 kg
Feedback & switches	Limit switch in actuator
Motor	24VDC

Top and bottom frame	Customized
Feedback and switches	Inhibit switch, min and max linear position Positioning feedback incremental Positioning feedback analogue
Tilt angle	0° to 50° (recommended 45°)
